Summary

B.Tech Computer Science student specializing in Health Informatics with a strong interest in Data Science, data analysis, and machine learning. Experienced in Python, SQL, data preprocessing, feature engineering, model development, and evaluation through academic projects and a research internship. Interested in solving practical problems using data and building solutions that create meaningful insights.

Technical Skills

Languages: C++, SQL, Python

Data & Analytics: Pandas, NumPy, Scikit-learn, Data Preprocessing, Feature Engineering, Data Analysis, Data Visualization, Statistics

Core Concepts: Object-Oriented Programming, DBMS, Operating Systems

Tools: VS Code, GitHub, Google Colab

Research Experience

Research Intern

May 2026 – June 2026

North-Eastern Hill University (NEHU), Tura

- Developed deep learning models for multiclass miRNA–gene interaction prediction.
- Implemented and evaluated 1D-CNN, LSTM, Bi-LSTM, GRU, Bi-GRU, RNN and hybrid attention-based architectures.
- Engineered 171 biological sequence features using sequence composition, GC content and minimum free energy.
- Performed preprocessing, feature engineering, hyperparameter tuning and comprehensive model evaluation.

Projects

Hybrid Deep Learning Model for miRNA–Gene Interaction Prediction

May 2026 – June 2026

- Built a hybrid deep learning framework for multiclass prediction of miRNA–gene interactions.
- Compared CNN and recurrent neural architectures with attention mechanisms.
- Engineered 171 handcrafted biological sequence features from miRNA and gene sequences.
- Evaluated models using Accuracy, Precision, Recall, F1-score and Confusion Matrix.

Advanced Skin Cancer Detection System

Jan 2025 – Jun 2025

- Developed a CNN-based skin lesion classification system using dermoscopic images.
- Built an end-to-end Streamlit web application for prediction.
- Applied image preprocessing and feature extraction techniques.

Extracurricular Experience

Event Management Team, Northeast Club, VIT Bhopal

Apr 2024 – Jul 2024

- Coordinated cultural events celebrating Northeast India's traditions.
- Managed logistics, scheduling and cross-functional team coordination.
- Collaborated with performers and vendors for successful event execution.

Education

Vellore Institute of Technology, Bhopal

Aug 2023 – Present

B.Tech. Computer Science and Engineering (Health Informatics)

CGPA: 8.73/10

NPS International School, Guwahati

June 2022

Senior Secondary (CBSE): 91.6%

Tura Public School, Tura

May 2020

Secondary (ICSE): 91.17%

Achievements

- Secured 2nd position in the district(West Garo Hills) in the Class 10 ICSE examination.
- Underwent a research internship at North-Eastern Hill University (NEHU).
- Coordinated cultural events at VIT Bhopal as a member of the Northeast Club Event Management Team.
